

Checking your On Site (or On Campus) indicator in GWeb

The value currently set for your On Site (or On Campus) indicator can be reviewed in GWeb. (This indicator drives your GWorld card access to building and activates your screening requirement in PointnClick. To check your status, go to <http://it.gwu.edu/gweb>. After authenticating, please click on the Personal Information Menu link:

The screenshot shows the GWeb Information System interface. The browser address bar displays the URL: banweb.gwu.edu/PRODCartridge/twbkwbis.P_GenMenu?name=bmenu.P_MainMnu. The page header includes "THE GEORGE WASHINGTON UNIVERSITY WASHINGTON, DC" and "GWeb INFORMATION SYSTEM". A navigation bar contains "Student Records & Registration Menu", "Personal Information Menu", "Employee Information Menu", "GW Alert Login Portal", and "Admissions". Below this is a search bar and links for "SITE MAP", "HELP", and "EXIT". The "Main Menu" section lists three categories: "Student Records and Registration", "Employee Information Menu", and "Personal Information Menu". The "Personal Information Menu" is highlighted with a red box and lists sub-links: "On-Site/Off-Site Status", "View Addresses and Phones", "Update Addresses and Phones", "View Emergency Contacts", "Update Emergency Contacts", "View E-mail Address(es)", "Update E-mail Address(es)", and "Change PIN".

If your status is **not** set to be On Campus, the first link on the Personal Information page will read "Off-Site Status"
